RoHS Directive 2011/65/EU RoHS – Prohibited Substances

Ladies and Gentlemen,

the demands of our customers, as well as the responsibility of environment and people led FISCHER to an early awareness of quality. The active environmental protection is integrated into our organization and a commitment to all levels of our Company.

Our products are used mainly to protect the environment. We conduct preventive environmental protection - and not only respond to legal requirements. This applies to the design, production and the use of our products as well as it applies to the occupational safety and proper handling of the products, components, materials, manufacturing materials and packaging materials.

With regard to the RoHS-directive, we can make the following statement:

Our products contain no substances, which marketing in accordance with current statutory regulations and those in force at the time of their delivery is prohibited. If future illegal and / or declarable substances are part of our products, we will declare them accordingly.

With kind regards

FISCHER Mess- und Regeltechnik GmbH

i.A. Dirk Wöhler
Quality Management
